

# **Financial Inclusion through FinTech, Presentation at FIS's FinTech2020 Dubai, 11 May 2016**

The presentation titled "[Financial Inclusion through FinTech](#)" was delivered at the FinTech 2020 event organised by FIS, held in Dubai on May 11, 2016.

The presentation focuses on how Fintech has gained significant momentum and moved leaps and bounds from being just an "emerging" financial services sector. It also highlights concerns like access to finance in the wider Middle East region and how Fintech could help in the regard; last, but not the least, how regulations need to change (amidst increased security) with the moving times is also explored.
