

# How can Clean Energy Contribute to Successful SDGs? Presentation at the 7th ArabiaCSR Forum, 20 Oct 2016

The presentation titled "[How can Clean Energy Contribute to Successful SDGs?](#)", was delivered at the 7th ArabiaCSR Forum held in Dubai on 19-20 October 2016.

As the title indicates, the presentation provides an overview of how clean energy can support and contribute towards successful SDGs. The highlighted SDGs include the provision of affordable and clean energy, gender equality, clean water and sanitation, sustainable cities as well as climate action.
