

"GCC Geo-Eco-Pol & Outlook: Transitions & Transformations", Presentation to the Chalhoub Group, 18 Feb 2018

Speaking at the Chalhoub Group's annual seminar in Dubai on 18th Feb 2018, Dr. Nasser Saidi shared his views on the changing global economic landscape, then focusing on what he called the "Geo-Eco-Pol" overview for the GCC region. Understanding the key drivers and risk factors were necessary – from an economist's standpoint – to highlight the potential opportunities present in the region.
