

Clean Energy Transformations 2018 & Beyond, Presentation at the CEBC 6th MENA Clean Energy Summit, 5 Mar 2018

The presentation titled "[Clean Energy Transformations 2018 & Beyond](#)" was given as the opening keynote address at the CEBC 6th MENA Clean Energy Summit held in Dubai on 5th March 2018.

In his speech, Dr. Nasser Saidi, in his capacity as Chairman of the Clean Energy Business Council, provided an oversight on the massive changes that can be expected in the near future for the renewable energy sector, including the role of Blockchain & AI.

Discussions at the event focused around the key factors that are going to shape the renewable energy industry in future, with an emphasis on the policy, socio-economic and financing challenges that the MENA region – and the world – faces.
