Dr. Nasser Saidi was invited to join as a guest speaker at the Global Investment Management Summit held in London on 28th March 2023.

Dr. Saidi’s presentation, titled “[Navigating the Energy Crisis: A Middle East Viewpoint](#)”, covered among other points the sources and consequences of the ongoing global energy crisis in the backdrop of weaning away from fossil fuels and investing in Renewable Energy. The geopolitics and emergence of a new global energy map formed another key point in the discussion which advocated for GCC to become the centre of a transformed, new, global energy map.
